

# August 2008 Prayer

---

Dear Praying Women of the Worldwide Prayer Web,

Millions of people from around the world will be focusing their attention and excitement on the World Olympics from August 4 - 24.

Prior to the starting date, August 4, and after the 24th., millions of people will be traveling throughout the world to participate in performance , to travel with those who do, to represent countries, to act as judges and health officials, etc. And the crowds will gather in Beijing, China, some with a renewed memory of Beijing from the past which aroused the world's attention at that time for a different reason.

Could I suggest that during the month of August, we gather the news regarding the Olympics. You might like to clip and save for a prayer notebook for yourself, newspaper articles, computer news articles, take notes for yourself as you watch your regular new channels on television. Record names and countries, etc. and pray for all of these as God moves your hearts. Pray for every Christian group serving there, who in past years have gathered at this event just to share Christ.

Especially pray for China, pray for the government that in their desire to make a good impression in the world, their hearts would soften toward the followers of Christ, there are millions of Christians in China, pray for them and for the Body of Christ in China. Pray for all those Chinese Christians who will attempt to share Christ during the Olympics, their lives will be in jeopardy. Pray for God's children in China who are already in prison, pray for their families and for the pastors and underground Bible Training Schools in China. Pray for China. God's Spirit will move our hearts to pray for His concerns when we tell Him our intentions and ask for His power in our hearts.

Thanks,

Lois
