

March Prayer 2009

February flew past and this is the last day in the month. If I am able to get this to work, I am planning to forward two items sent me....one is material from David Bryant, the founder of Concerts of Prayer, and the other is a recent sermon by John Piper. Both of these manuscripts have to do with the current problems and status of the United States, but much of it has to do with the world at large. In fact, the nations of our world have become so connected that what is said is true...our world is a village. What happens in one part of the world affects all parts of the world. This is particularly true of the economics of the United States. Remember that it would also be true if God would choose to move upon our country with a revival in the church and a spiritual awakening across our nation. The world would also be greatly affected by that.

May I ask if you will prayerfully and carefully read both of these items, and allow the Holy Spirit to form prayers in you. It is important that God's people discern truth...the truth of our circumstances, the truth of God's Word, the truth of His pronouncements and promises, and in our position in His Kingdom, that we agree with Him in our intercessions. No doubt this will take a little more time for you, than a list would do, but I believe our united prayers covering the needs and subjects presented may re-shape our thinking. We must move away from "the American dream" so zealously sought for such a long time, into the view of our world as God sees it, and become willing to have His purposes rather than our own.....with a great sense of joy that we are at His Throne together.....
