

November Prayer

Dear Praying Women of our prayer team...

Let's use the month of November for three specific things:

1. Give thanks to God, our Father, that He is our Sovereign Lord, God of the whole earth...and may we personally use each day for a message of praise to Him.
2. I am forward an email just received regarding New York City...a part of our world that influences nation and nation, and people after people. [Letter about New York](#)
3. I am forwarding important prayer material for the persecuted members of our Christian family all over the world. Maybe we can focus our prayers this month for them. [Persecuted Members](#)
